

**LRA BY-LAWS Revised**  
**April 25<sup>th</sup> 2023**  
**Amendment Proposal**

# Memo

**Date:** April 25<sup>th</sup> 2023  
**To:** LRA Officers  
**From:** Ken Rugaber KC9QV  
**Date:** April 25<sup>th</sup> 2023  
**Re:** LRA By-Law Proposed Amendment

---

This proposed amendment is for ARTICLE THREE, Membership Meetings, Paragraph number 5 which currently reads as follows:

5. All proposals for additional functionality on the repeater system must be approved by a majority of the membership at a quarterly or special meeting, and subsequently a majority of the LRA Officers.

---

As written, there is the possibility of nothing getting done. LRA officers have the opportunity to vote as members and again as officers. Once a proposal under this paragraph is opened for discussion, enough information should have been on the table for the attending membership (includes officers) to make an educated decision via a vote taken at the meeting.

Therefore, I/WE propose that the subject paragraph be amended as follows:

This proposed amendment is for ARTICLE THREE, Membership Meetings, Paragraph number 5 be amended as follows:

5. All proposals for additional functionality on the repeater system must be approved by a majority of the membership at a quarterly or special meeting,

Signed

  
Ken Rugaber KC9QV
